

FEDERAL IDENTITY

FORUM AND EXPO • 2026

September 15-16, 2026 | Westfields Marriott, Chantilly, VA

The mission of the U.S. federal government's annual identity conference is to promote collaboration while solving the federal government's toughest identity challenges and help ensure the continued efforts of a vibrant identity community.

VISIT fedid26.myexpoonline.com/home FOR ADDITIONAL CONFERENCE DETAILS

TUESDAY, SEPTEMBER 15

Date/Time	Location	Session Title
7:30 AM - 5:00 PM	Washingtonian Foyer	Registration Hours
8:30 AM - 6:00 PM	Lower Rotunda	Exhibit Hours
8:30 AM - 8:55 AM	Washingtonian	Keynote: Overview of current federal identity landscape, mission impacts, and key challenges across agencies.
9:00 AM - 9:40 AM	Washingtonian	Planning for Identity Infrastructure
9:45 AM - 10:25 AM	Washingtonian	Interoperability & Architecture Harmonization
10:30 AM - 10:55 AM	Washingtonian	Securing the Federal Workforce: Identity in the Age of AI
11:00 AM - 11:55 AM	Washingtonian	Biometric Enterprise Interoperability (National Security Focus)
11:30 AM - 1:00 PM	Lower Rotunda & Washingtonian	Lunch & Networking Break
12:00 PM - 12:25 PM	Washingtonian	Intro to UR Codes
12:30 PM - 12:55 PM	Washingtonian	Securing the Future of Federal Identity: Managing Cryptographic Risk for the AI and Post-Quantum Era
1:00 PM - 1:25 PM	Washingtonian	Keynote
1:30 PM - 2:10 PM	Washingtonian	Challenges in Public-Facing Systems
2:15 PM - 2:55 PM	Washingtonian	AI for Interoperability and Data Fusion
3:30 PM - 4:10 PM	Washingtonian	Academia Updates
4:10 PM - 6:00 PM	Washingtonian Foyer	Networking Reception
4:15 PM - 4:45 PM	Washingtonian Ballroom	Keynote
4:45 PM - 6:00 PM	Washingtonian Foyer	Networking Reception

WEDNESDAY, SEPTEMBER 16

Date/Time	Location	Session Title
8:00 AM - 3:30 PM	Washingtonian Foyer	Registration Hours
8:30 AM - 3:30 PM	Lower Rotunda	Exhibit Hours
8:30 AM - 8:55 AM	Washingtonian	Keynote
9:00 AM - 9:10 AM	Washingtonian	FedID Awards
9:15 AM - 9:55 AM	Washingtonian	The Lifecycle of Fraud Detection and Prevention
10:00 AM - 10:40 AM	Washingtonian	NIST Biometrics Update
10:45 AM - 11:10 AM	Washingtonian	Fireside chat: Finding, Investigating, and Prosecuting Fraud

WEDNESDAY, SEPTEMBER 16

Date/Time	Location	Session Title
11:15 AM - 11:55 AM	Washingtonian	Academia Updates: Next Gen Identity Research: Multimodal Ocular Biometrics in Mixed Reality and Beyond a Single Dimension: Toward Holistic Identity
11:30 AM - 1:00 PM	Lower Rotunda & Washingtonian	Lunch & Networking Break
12:00 PM - 12:25 PM	Washingtonian	Sovereign by Design: Modernizing Federal Identity Without Starting Over
12:30 PM - 12:55 PM	Washingtonian	Agentic AI, SAML and PQC, Oh My!
1:00 PM - 1:25 PM	Washingtonian	Keynote
1:30 PM - 2:10 PM	Washingtonian	AI for Fraud Detection and Adjudication
2:15 PM - 2:55 PM	Washingtonian	Risk Management 800-63-4

REDEFINING IDENTITY IN FEDERAL DIGITAL SERVICES

Powered by LexisNexis EssentialID®

AI, big data and identity intelligence built for government missions.
LexisNexis EssentialID helps agencies:

- **Prevent fraud** by detecting synthetic, fabricated and stolen identities
- **Accelerate access** through streamlined identity verification
- **Deliver frictionless authentication** experiences
- **Support increased accessibility** to critical services
- **Achieve compliance** with evolving standards

SPONSORS/EXHIBITORS

CITeR

Booth: T6

Website: <https://research.charlotte.edu/citer>

Product/Solution Categories: Biometric Authentication, Mobile Computing & Solutions, Novel Biometrics

CrowdStrike

Booth: T11

CrowdStrike (NASDAQ: CRWD), a global cybersecurity leader, helps organizations secure identities against modern adversaries who increasingly use stolen credentials and legitimate access to evade traditional defenses. Powered by world-class AI and adversary intelligence, the CrowdStrike Falcon® platform provides real-time visibility and protection across identities, endpoints, cloud workloads and data. CrowdStrike helps organizations detect and stop identity-based attacks, prevent lateral movement, enforce risk-based access and reduce identity risk across human, machine and AI identities. With a unified, cloud-native approach, CrowdStrike enables organizations to strengthen identity security while reducing complexity and accelerating time-to-value.

FaceTec Inc

Booth: T5

FaceTec's patented 3D Liveness and Face Matching software securely anchors digital identities on all modern smart devices and webcams on six continents, enabling an exceptionally secure and reliable chain of trust from user onboarding to ongoing reverification for secure and safe account holder access to all high-risk/high-value data and physical access.

Product/Solution Categories: Access Control, Biometric Authentication, Biometrics/Identification, Facial Recognition, Secure Identity

GSA - Login.gov

Booth: T16

The public's one account for government

Website: <https://www.login.gov>

Product/Solution Categories: Biometrics/Identification, Digital Identity Solutions, Identity-based Credential Management, Secure Identity

SPONSORS/EXHIBITORS

ID.me

Booth: T4

ID.me is the next-generation digital identity wallet that simplifies how people prove their identity online. Consumers verify once and securely sign in across websites without repeating identity checks. Over 174 million users get a streamlined experience across 22 federal agencies, 55+ state government agencies, and 600+ private sector organizations. ID.me meets federal standards for consumer authentication and is a Kantara-certified NIST 800-63 IAL2/AAL2 credential service provider. ID.me is committed to "No Identity Left Behind," ensuring all people can access a secure digital identity.

SPONSORS/EXHIBITORS

KEYFACTOR

Keyfactor

Booth: T12

Keyfactor is the leader in trust infrastructure for AI and machines. The platform equips enterprises to take control of the machine identities and cryptography that safeguard every digital interaction. By bringing fragmented tools and assets into a single control plane, security teams can see their cryptographic landscape, find and remediate risk exposure, roll out compliant and quantum-safe cryptography, and issue a cryptographic identity to every machine, workload and AI. Trusted by the largest enterprises and government agencies, Keyfactor delivers the resilient foundation organizations need to keep running uninterrupted in the AI and quantum era. Learn more at www.keyfactor.com.

Website: www.keyfactor.com

LexisNexis Risk Solutions

Booth: T14

LexisNexis® Risk Solutions helps government agencies reduce fraud, verify identities, and improve service delivery with powerful analytics and technology. Our tools streamline operations, protect programs, and build public trust across federal, state, and local agencies. Learn more at www.risk.lexisnexis.com/government.

Product/Solution Categories: Big Data, Cyber Security, Digital Identity Solutions, Information Management, Security & Sharing

National Institute of Standards and Technology (NIST)

Booth: T3

Advancing the state-of-the-art in IT (e.g., cybersecurity, AI and biometrics), NIST accelerates the development of systems that are reliable, usable, interoperable, and secure; advances measurement science; and conducts research to develop the measurements and standards supporting emerging technologies. Highlighted at this year's booth are research programs from the Information Technology Laboratory that include Biometrics, Standards, Identity Credentialing, Cybersecurity, NCCoE, Usability, Privacy and Artificial Intelligence.

Product/Solution Categories: Biometrics/Identification, Facial Recognition, Fingerprint Recognition, Iris Recognition, Machine Learning

Persona

Booth: T13

Website: <https://withpersona.com/>

SPONSORS/EXHIBITORS

Ping Identity

Booth: T8

Ping Identity delivers intelligent identity solutions, supporting federal agencies in modernizing federal ICAM. Our standards-based Identity foundation for Zero Trust Architecture enables fine-grained authorizations for interoperable mission work. Ping Identity solutions are deployable in FedRAMP High, DoD IL5, DDIL, Air-gapped, and hybrid environments. We can help modernize your ICAM through Zero Trust best practices, including deployment and enforcement of phishing-resistant multi-factor authentication, single sign-on, and access management. Learn more at <https://www.pingidentity.com/en/solutions/industry/government.html>.

Product/Solution Categories: Access Control, Cyber Security, Digital Identity Solutions, ICAM, Identity-based Credential Management, Secure Identity

RSA

Booth: T7

RSA is the identity standard for government agencies, financial services, and high-assurance organizations. We provide the authentication, access, governance, lifecycle, and agentic security capabilities needed to prevent threats, secure access, maintain operations, and surpass compliance across cloud, hybrid, on-premises, and sovereign environments. More than 9,000 security-first organizations — including 67 global governments and 70% of the Fortune 1000 — trust RSA to manage more than 60 million identities. Visit [rsa.com](https://www.rsa.com) to see how RSA keeps government, finance, and high-assurance organizations secure, operational, and compliant.

TransUnion

Booth: T9

TransUnion Public Sector Solutions: Empowering Government with Trusted Data and Identity Intelligence

TransUnion® is a global data and insights company specializing in fraud and identity solutions. Serving both private and public sector organizations, we focus on providing a clearer picture of identity to more effectively detect and prevent fraud.

We do this with a Tru™ picture of each person: an actionable view of consumers, stewarded with care. As a result, consumers and businesses can transact with confidence and achieve great things. We call this Information for Good® — and it leads to economic opportunity, great experiences and personal empowerment for millions of people around the world.

Now FedRAMP Ready, TransUnion's identity verification, device risk, and authentication solutions enable government agencies to securely and efficiently verify constituent identities at the point of service."
