LEGO® Education SPIKE™ Hub Color-Coded Messages

LEGO® Education SPIKE™ Hub is such a smart brick, it will tell users how it's doing and what it needs!

	The center button is green. The Hub is turned on and running a Hub OS version that is compatible with SPIKE, and the battery is charged to at least 20%.
	The center button is white. The Hub is turned on but is running a Hub OS version that is not compatible with SPIKE. Update Hub OS using the SPIKE App.
	The center button is flashing orange. The Hub's battery is running low (under 20%). Connect the Hub to your device via the USB cable to begin charging the battery.
	The center button is flashing red. There's an extended load on the Hub. Turn off the Hub and let it cool down for 15 minutes.
	The center button is flashing purple. Firmware update is in progress.
	The Connection Button is flashing blue. The Hub is waiting to be connected to your device using BLE (Bluetooth Low Energy).
	The Connection Button is blue. The Hub is connected to your device using BLE (Bluetooth Low Energy).
