

## Provide Students an Exciting STEAM Experience

Interested in emphasizing the Literary Arts and Math in STEAM? Check out the LEGO® Education STEAM Program that emphasizes the Literary Arts and Math. There are 15 lessons per grade using LEGO® Education SPIKE™ Essential for grades K-5 and LEGO® Education SPIKE™ Prime for grades 6-8. Each grade level also includes an opportunity to hold a showcase at the end.

Use these lessons in your STEAM Labs, summer or after school programs, or as enrichment for Science, Technology, Engineering Design, Language Arts, and Math.
